For scientists active in the study, practice or development of in vitro toxicology

IVTS Membership 2010

IVTS membership offers exceptionally good value since members receive preferential registration fees for scientific meetings, meeting reports and the IVTS newsletter.

Whilst most of our members pay by standing order, 2010 membership subscriptions are now due for our members who did not initially pay by this means.

For further details of how to continue your IVTS membership please go to www.ivts.org.uk/joining.html.

A big thank you to all who continue to be members of the IVTS.
