

# NC3Rs Funding Panel vacancies

The NC3Rs is a UK-based, scientific organisation dedicated to replacing, refining and reducing the use of animals in research and testing (the 3Rs).

We are now recruiting members to join our Grant, Skills and Knowledge Transfer, Studentship and Training Fellowship Assessment Panels.

Applications are sought from talented senior scientists with expertise in:

- Cardiovascular system
- Cell and molecular biology
- Computational/*in silico* modelling
- Diabetes/pancreas
- Experimental design and statistical analysis
- Genome editing (e.g. CRISPR/Cas9)
- *In vitro* models, including bioengineering and complex 3D cell culture
- Non-mammalian models, particularly *Drosophila spp.*, zebrafish and *G. mellonella*
- Oncology
- Stem cell biology
- Tissue engineering

Applications are particularly welcomed from individuals who also have:

- Experience of commercialising life sciences research e.g. spin-outs or start-ups
- Industry experience
- Interdisciplinary expertise

**Deadline: 14 November 2019, 4pm.**
