

National Centre
for the Replacement
Refinement & Reduction
of Animals in Research

Board member vacancies

The NC3Rs leads the development of science and technology that replaces, reduces or refines the use of animals in research and testing. Its work is supported by the NC3Rs Board, a non-executive body which provides advice to the Chief Executive on strategy and monitors delivery against its mission and objectives.

We are now recruiting for up to three members to join the Board from 1 January 2018.

Applications are sought from talented, senior scientists based in leading research organisations and also from within the pharmaceutical and chemicals industries.

Key dates	
Application deadline	4pm, 24 July 2017
Interviews	29 September 2017

An application form and further information can be found at <https://www.nc3rs.org.uk/board-member-vacancies>
